Reference Letter: Ray Szabo

To Whom It May Concern:

I have had the opportunity to work with and supervise Ray during my past tenure as the Western Fair District's Director of Facility Services. Ray's position at the time was Manager of IT. He had always proven his value to his peers and also to me. Ray's work performance exceeded my expectation as he took on added responsibility every shift that he worked. Ray was often called upon to deal with last minute details and stressful situations that arose during his shifts and outside of normal working hours, which he always handled professionally and quickly.

Ray is a self motivated individual whom also possesses the ability to work with minimal supervision while being a strong team player. Ray has proven to everyone that he is a self-starter and is able to multi-task very well. His attention to detail is what sets him apart from others as he strives to make sure that staff and customers had the best possible experience when coming into the facilities. Whether be from IT related desktop questions or overhauling the wireless networks within a facility, Ray was able to chart a course for seamless technology.

More recently I called upon Ray to create and develop a Covid-19 Pre-Screening application for all the staff and visitors for the Municipality of Middlesex Centre. He developed an application that was simple and met all the requirements as mandated by the Ontario Chief Medical Officer of Health and Middlesex London Health Unit. Ray listened to our feedback and frequently made changes to best suit the changing restrictions. Very impressive.

He has a vast wealth of knowledge when it comes to Information Technology both from a hardware aspect and from a software perspective while also having a very helpful personality to assist in day to day troubleshooting or teaching sessions with the end users. He possesses the ability to learn and is seeking to become the best he can be.

In closing I would like to say that that I would without hesitation or reservation, recommend Ray Szabo to any prospective employer.

If there are any more questions please contact me at 519-601-8022 ext 103

Sincerely yours,

Justin Fidler
